*Recommended courses.

VIII. PHYSICS MINOR CHECKLIST

Fill in term and year in the blank next to the course and credits.

1. Required Physics Courses

PH 141 (Phys. Sci. Eng. I)  5 ______
PH 142 (Phys. Sci. Eng. II)  5 ______
PH 314 (Intro. Mod. Phys.)  4 ______

2. Additional Physics Courses

Choose at least eight credits of additional courses from this list, including at least 5 credits of PH courses.

PH 315 (Mod. Phys. Lab)  2 ______
PH 341 (Mechanics)  4 ______
PH 351 (Electricity & Magnetism)  4 ______
PH 353 (Optics & Waves)  4 ______
PH 361 (Thermodynamics)  3 ______
PH 425 (Adv. Phys. Lab)  2 ______
PH 451 (Intro. Quant. Mech. I)  3 ______
PH 452 (Intro. Quant. Mech. II)  3 ______
PH 462 (Statistical Phys.)  3 ______
AA 301 (Astrophysics I)  5 ______
AA 302 (Astrophysics II)  5 ______
AA 303 (Astrophysics III)  5 ______

Substitutions require written approval by the Key Advisor in the Department of Physics. The minimum grade of C- is required in all courses used for the minor in Physics.

The possibility of additional course work to complete prerequisites should be considered when planning your program.
